

Seventh Grade Newsletter

Religion

Ms. Piovane

Chapter 13: Explore more fully that through the sacraments God shares his life and love with us.

Literature

Mrs. Schoening

We will classify figurative language from a selection of poetry samples and will analyze the plot elements found in *Ender's Game*.

Math

Mr. Zepnikowski

Algebra students compare the various ways to solve systems of equations this week. Students vote on which way is the easiest to solve on a student poll. We will analyze word problems as we search for the correct way to set up the equations.

Pre-Algebra students find ways to prove triangles congruent this week and will create a quiz based on the parts of a circle.

Music

Mrs. Smith (Mrs. Dufield-substitute)

Students will be working on the Christmas program music.

Grammar/ Writing

Mrs. Schoening

7th grade will examine verbals in various functions for clarity in writing. The class will also categorize parts of sentences using diagramming skills.

Art

Ms. Hudson

Students will illustrate and produce creative designs for the World Air Games Dubai 2015 Aviation Contest.

Science

Mrs. Rovenolt

Be begin to recognize the 6 Kingdoms of classification through compare and contrast. We will separate them; true nucleus and no nucleus, single celled and multicellular and how they reproduce.

Spanish

Mrs. Bonilla

This week. Students will describe orally and in written form their favorite pastime. They will also understand and apply the verb IR in Spanish.

STREAM: Science Technology Religion Engineering Art Math

Mr. Baker, Mrs. Rovenolt

This is the last week for our current video game programming group and Lego robotics group. They will finalize their games and competitions. We will begin a card playing segment with 2 player solitaire war. The game will increase finger dexterity, observation skills and prioritization skills.

United States History

Mrs. Whitmore

This week we will evaluate the political reasons for U.S. expansion in the "Age of Imperialism." The students will argue the pros and cons of expansion in the Latin Americas during this time period.

P.E. / Health

Ms. Patty Piovane

We experiment with Fitness Circuits recognizing what benefit to our body each station helps to produce.
